

Hematology Panels (Blood Samples Only)

NOTE: Samples for body fluid and CSF analysis have different orderable tests.

ERNE Orderable	Test(s) Included	Synonym	Comments
Hemoglobin	Hemoglobin	Hgb	Included in CBC
Hematocrit	Hematocrit	Hct	Included in CBC
Hemoglobin & Hematocrit	Hgb & Hct	H&H	Included in CBC
Platelet Count	Platelet Count		Included in CBC
CBC	WBC Count, RBC Count, H&H MCV, MCH, MCHC RDW Platelet Count & MPV	Complete Blood Count	Included in CBC w/Differential
CBC w/Differential	CBC, Absolute # & % types of WBC Cells	CBC w/Diff	
WBC Count and Differential, Blood	WBC Count Absolute & % types of WBC Cells		If only the differential is required, order a WBC Count and Differential.
WBC Differential	Absolute & % types of WBC Cells	Differential WBC	Does not include a Total WBC count. It cannot be run alone without a CBC. If requested, a WBC Differential can be added to a previous CBC within 24 hours of sample collection.
Reticulocyte Count	Reticulocyte Count (% and Absolute #)		

Definitions:

- RBC Red Blood Cell
- WBC White Blood Cell
- MCV Mean Corpuscular (Red Cell) Volume
- MCHC Mean Corpuscular (Red Cell) Hemoglobin Concentration
- MCH Mean Corpuscular (Red Cell) Hemoglobin
- RDW Red Cell Distribution Width
- MPV Mean Platelet Volume
