

Arbor House Angels took some time out of their busy day on Monday, November 29th to decorate the Arbor House. Once again, the angels outdid themselves. Dear Associates,

This is the time of year that words such as wonder and magic are used to describe the celebrations in honor of the season. I want you to know that the response you have made again this year to the needs of the Arbor House fill the House with wonder - whether it's all the wonderful decorations that grace the house or the food and other supplies that are there for each patient and family who steps through the doors.

On Friday one of our offices called with a special request - a lady from out of town had been dropped off for a test and her volunteer driver never came back. She had come into this practice looking for a place to keep warm and someone to help her with this dilemma. The magic was that within an hour we had made arrangements for her to stay overnight at the Arbor House until her family could come pick her up the next day. I filled the room with supplies including some munchies and a note about the food in the kitchen downstairs. All of this was there and ready to help her because of the donations you all made.

Thanks to the angels who decorated the House and to all of you for your generosity in filling the house with supplies.

Jeri Maurer

Associates & Ambassador Holiday Luncheon

Thank you to Jeri Maurer and the Arbor House for hosting our December Associates luncheon. CMMC's Food Services Department provided a delicious meal enjoyed by all. Associate members donated many items for the Arbor House which included non-perishable food items, toiletries, towels, books & magazines, games, and much more. CMMF President & CEO, Peter Chalke, CMMC President, Laird Covey, and CMMF V.P. Public Affairs, Chuck Gill were all in attendance to share their appreciation for all the hard work that both groups do on behalf of the Development Office.
